

3VR Technical Certification Training

Objective: 3VR requires its partners who install and support 3VR systems to have a minimum of two technicians on staff with 3VR Technical Certification. This 1.5 day course gives partners the knowledge they need to install, configure, implement, troubleshoot, and fully harness the power of 3VR's Video Data Platform. Once completed, an official hard copy of the certificate will be mailed to the address(s) provided.

Schedule: Please contact your Sales Director or training@3vr.com to schedule your on-site training session(s).

Attendance Policy: Attendance is capped at twelve (12) attendees per session.

Agenda: Each 1.5 day class will provide an in-depth understanding of the 3VR hardware, VMS and analytics. Each student will experience a significant amount of hands on training on both system configuration and client software. The students will be required to bring their laptops as they will be installing software and connecting to a 3VR appliance. There will be up to two people connected to a single 3VR workstation. After configuring the appliances for network connectivity, IP cameras, schedules, templates, etc. Students will then connect to and configure an Enterprise Server.

Cost and Cancellation Policy: Cost for the 3VR Technical Certification Training is \$350 per person, plus any applicable processing fees when paying with credit card. 3VR will provide all training materials. Attendance will be confirmed via email upon receipt of purchase order or payment. Training fees are non-refundable, however, if 3VR is given notice of cancellation seven (7) days prior to the first day of the session, the fees may be credited to another training session if 3VR is able to fill the spot from a waiting list. 3VR reserves the right to cancel sessions without sufficient enrollment and in that event would provide a full refund of training fees.

If you have any questions please email training@3vr.com or your 3VR Sales Director.
